Percentage of Renewable Generation
Daily Average: 26 Sep to 16 Oct
Renewable % for: Friday, 16 October 2026
Renewable %

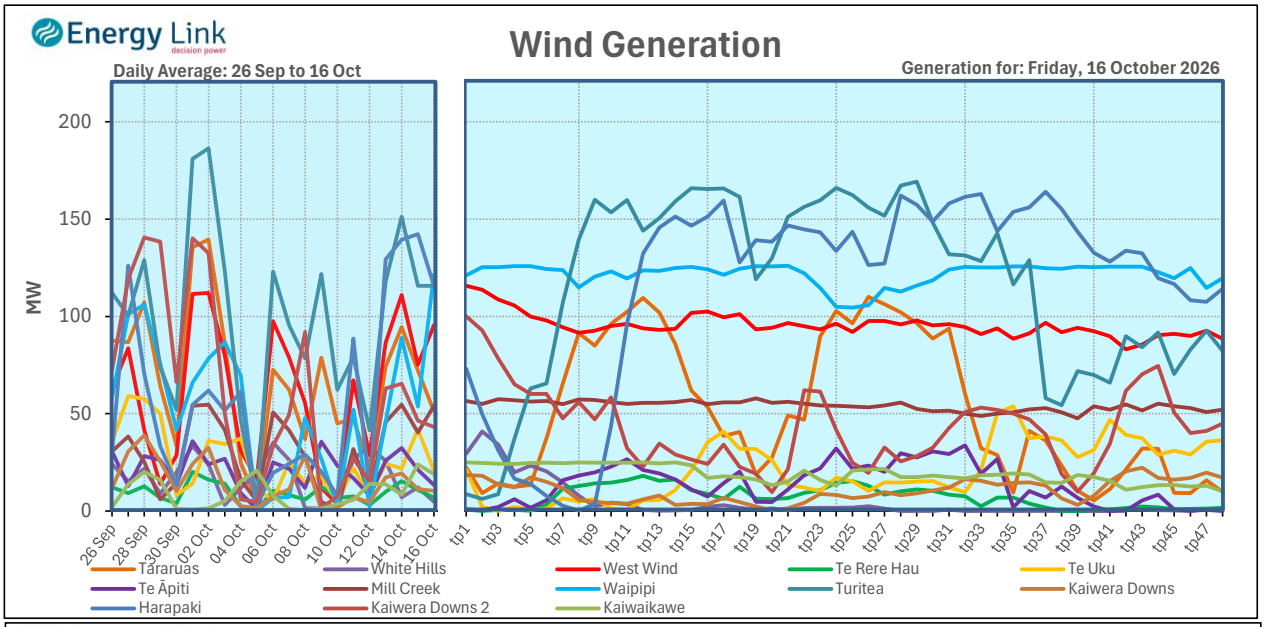

Station	Ave MW	Range (MW)
Huntly	0	0 - 0
TCC	0	0 - 0
e3p	0	0 - 0
Huntly p40	8	0 - 46
Whirinaki	0	0 - 0
Stratford Peaker	24	0 - 95
McKee Peaker	1	0 - 40
Junction Rd	0	0 - 0

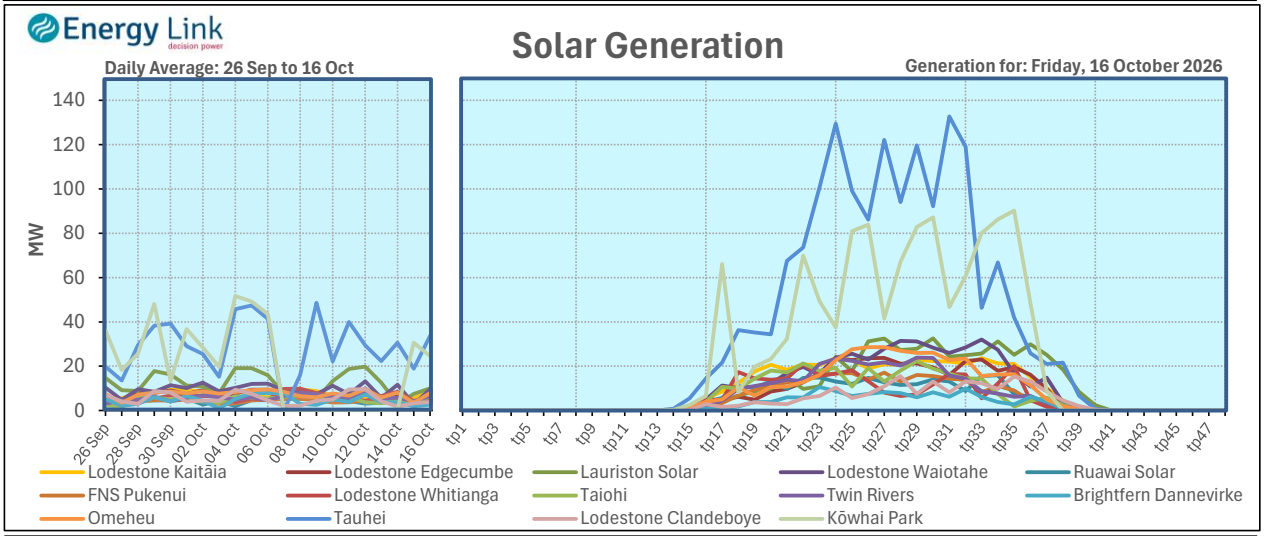

Hydro	Ave MW	Range (MW)
Waikato	374	83 - 626
Tongariro	127	85 - 228
Waitaki	982	507 - 1270
Takapō	159	87 - 175
Clutha	573	446 - 712
Manapōuri	620	620 - 620
Wind Farms	685	510 - 807

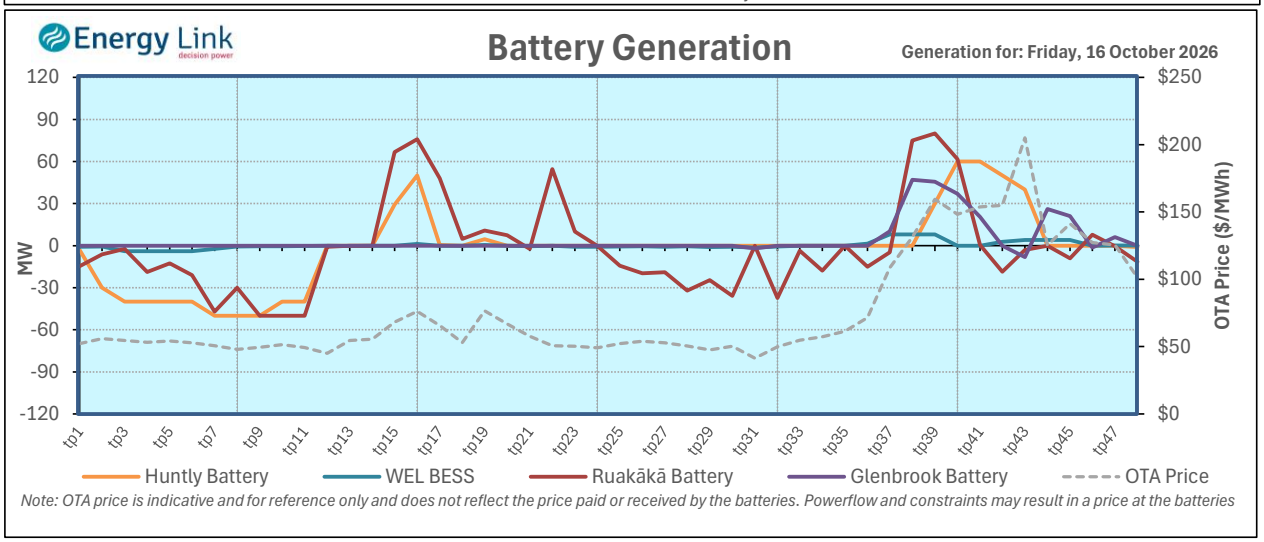

Wind Farms include: Te Uku, West Wind, Te Āpiti, Tararuas, White Hills, Waipipi, Mill Creek, Te Rere Hau, Harapaki, and Kaiwera Downs.

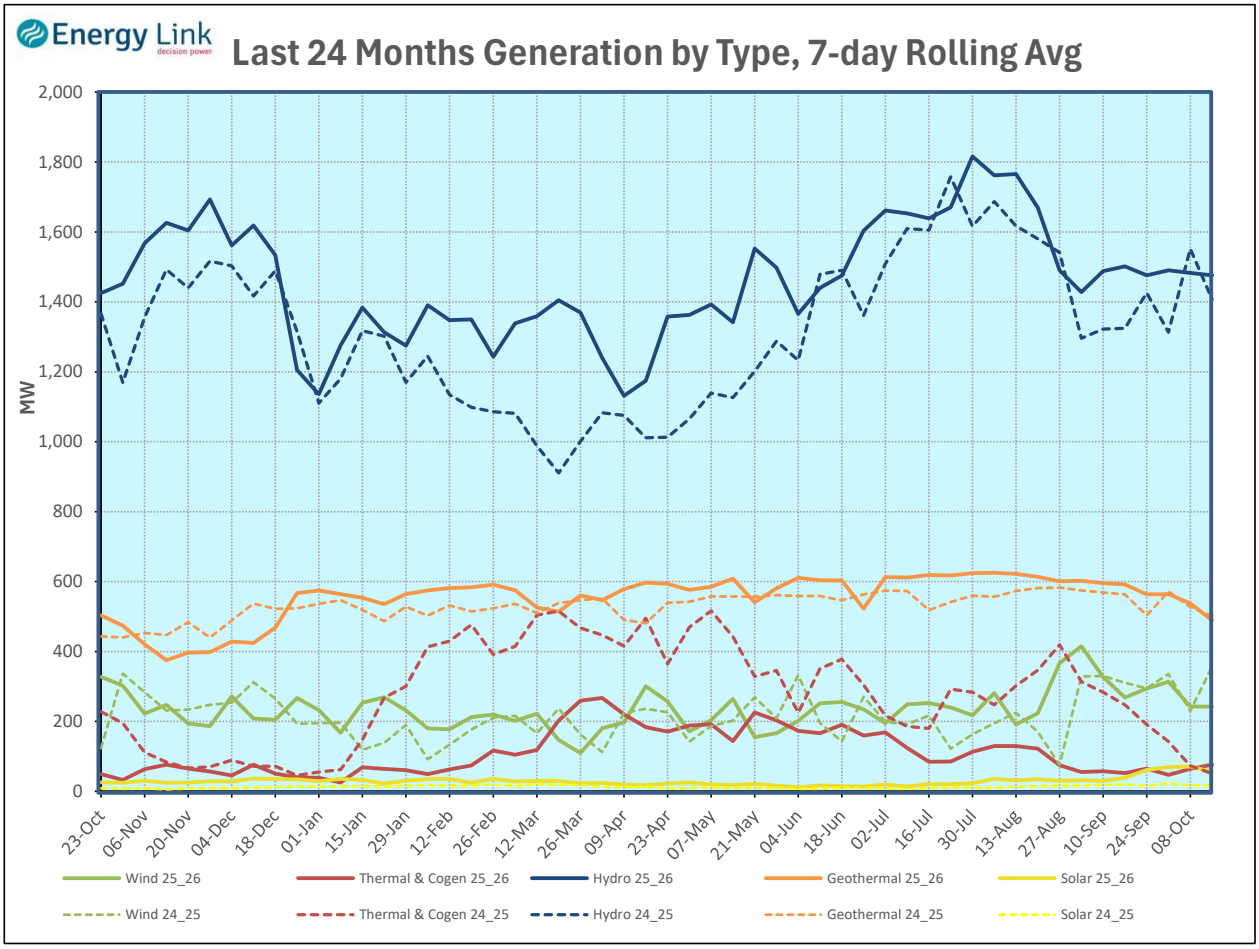

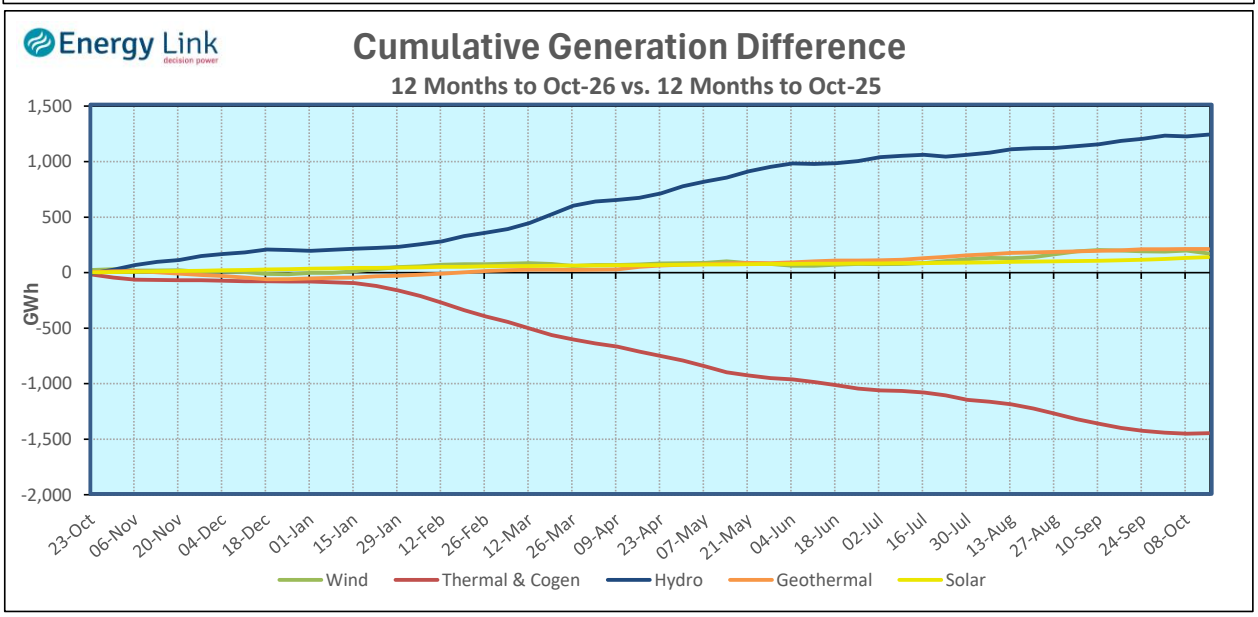

Note: For the purposes of this chart, renewable generation is all hydro, geothermal, wind and grid scale solar.
Co-generation is counted as thermal generation even though the carbon may be attributed to other industries.
Landfill gas generation data is provided by WM for Redvale, Whitford, Tirohia, and Kate Valley Landfills.

Summarised Generation Offers

The chart above shows the quantities of generation offered into the market by individual generators, between pre -defined offer

$400 - $20,000	Offer band <$20,000
$300 - $400	Offer band <$400
$200 - $300	Offer band <$300
$150 - $200	Offer band <$200
$100 - $150	Offer band <$150
$50 - $100	Offer band <$100
$10 - $50	Offer band <$50
$0 - $10	Offer band <$10

The region below each offer band contains all the generation offer quantities between the two prices (identified as various black lines), displayed as a generator total (regardless of station). The order of the generators within each offerband is the same and does not represent offer stack order, e.g if viewed within an offer band, Contact being above Mercury does not mean that Contact's offers were higher than Mercury's.

NZ Generation has been used to represent demand so that losses can be taken into account, however it is not total generation as not all embedded or wind generation data is available, also marginal losses and lines constraints are not represented. Therefore the NZ Generation line will not necessarily represent the price.

NZ Generation (red line) and the Haywards price (blue line) are plotted on the chart to assist in interpretation. The price on the second axis relates to the blue 'Haywards Price' line only.
